

YEVHENII KRAVCHENKO

Front-End Developer

+48 730 946 832 [linkedin.com/in/krawtschenko](https://www.linkedin.com/in/krawtschenko) eugenykravchenko@icloud.com

SUMMARY

Front-End Developer with hands-on experience in building responsive and high-performance web applications using React, TypeScript, and Next.js. Proficient in API integration, state management with Redux, and component-based architecture. Strong advocate of clean, maintainable code and user-centered design. Check out my portfolio: portfolio-krawczenko.vercel.app

 - **Tools & Platforms:** Git, GitHub, Jira, Firebase, Vite, Figma, Chrome DevTools
 - **Languages:** English (B2), Polish(B2), Ukrainian(native), Russian (native)
-

WORK EXPERIENCE

IT-INCUBATOR, Frontend Developer - Internship

Feb 2025 - Present

- Developed a web application inspired by Instagram, focusing on user-generated content and social interaction features
- Refactored, debugged, and optimized code to improve application stability, performance, and scalability
- Integrated WebSockets to support real-time updates and enhance user interactivity
- Implemented form handling and validation using React Hook Form for a seamless user experience
- Utilized RTK Query for efficient data fetching, caching, and improved responsiveness
- Built reusable, scalable UI components using modern frontend libraries to ensure design consistency

Pro-Info, IT Support Specialist

Jan 2021 - Present

- System administration: managing domains and services, ensuring data archiving and system continuity, administering Microsoft 365 and Active Directory
 - User support: installing software and hardware components, troubleshooting application and hardware issues
 - Hardware and software maintenance: setting up workstations, assembling components, cleaning equipment, performing system upgrades
 - Handling requests through the Helpdesk system: registering, tracking, and resolving user tickets
-

EDUCATION

Master of Computer Science

Aug 2013 - Aug 2018

Sumy State University

- Relevant coursework in System Design, Software Engineering, and Database Development
